**This addendum is being issued to provide answers (A) to questions (Q) received in regard to ITB 2018-24**

**Q1. The bid states that the community center on Trice Lane is 5.5 acres. The Property Appraiser's website lists it as a little over 22 acres. Can you confirm that the amount that is to be serviced is only 5.5 acres?**

***A1. The entire piece of property to be maintained is approximately 9.5 acres including buildings, asphalt and concrete. The approximate acreage of open area to be acreage called out is approximately 5.5 acres. This is why site visits are strongly encouraged so vendors can make their own determination of the cost for each site. The terrain, difficulty of edging, flower beds, shrubs, cutting schedule around the public at parks, etc. may vary greatly from one piece of property to the next.***
