- 3.1 **Background:** Wakulla County is a coastal community and is vulnerable to natural and manmade disasters including hurricanes, tornadoes, floods, oil spills, and hazardous material releases. - The Contractor will establish a Debris Management Center to include Call Center Hotline for public information.
- All monitoring will be done in compliance with FEMA Guidelines and will abide by any Wakulla County Emergency Management Requirements.

Additional sites may be added as debris removal efforts increase. Each loading site will operate up to 14 hours per day, 7 days per week. Exact number and location of loading sites will be determined by County Debris Manager in coordination with the debris removal contractor.

The Proposer further acknowledges that any materials or documents provided to the County may be "public records" and, as such, may be subject to disclosure to, and copying by, the public unless otherwise specifically exempt by Law.

RFP 2018-14 EMERGENCY DEBRIS MONITORING SERVICES

- 8.2.2 Should the Proposer provide the County with any materials which it believes, in good faith, contain information that would be exempt from disclosure or copying under Florida Law; the Proposer shall indicate that belief by typing or printing, in bold letters, the phrase “PROPRIETARY INFORMATION” on the face of each affected page of such materials. The Proposer shall submit to the County both a complete copy of such material and a redacted copy in which the exempt information on each affected page, and only such exempt information, has been rendered unreadable. In the event a Proposer fails to submit both copies of such material, the copy submitted will be deemed a public record subject to disclosure and copying regardless of any annotations to the contrary on the face of such document or any page(s) thereof.
- 8.2.3 Should any person request to examine or copy any material so designated, and provided the affected Proposer has otherwise fully complied with this provision, the County, in reliance on the representations of the Proposer, will produce for that person only the redacted version of the affected materials. - 8.2.4 Failure to provide a timely written reply shall be deemed consent to disclosure and copying of the complete copy of such material. If the Proposer refuses to permit disclosure or copying, the Proposer agrees to, and shall, hold harmless and indemnify the County for all expenses, costs, damages, and penalties of any kind whatsoever which may be incurred by the County, or assessed or awarded against the County, in regard to the County’s refusal to permit disclosure or copying of such material. If litigation is filed in relation to such request and the Proposer is not initially named as a party, the Proposer shall promptly seek to intervene as a defendant in such litigation to defend its claim regarding the confidentiality of such material. This provision shall take precedence over any provisions or conditions of any Proposal submitted by a Proposer in response to this RFP and shall constitute the County’s sole obligation with regard to maintaining confidentiality of any document, material, or information submitted to the County.

8.3 Procurement Challenges

- b. RFP and all of its addendums and attachments
- c. Successful firm's Proposal

8.5.2 Any exceptions to the proposed Contract must be noted in proposal response in TAB 3 - UNDERSTANDING OF THE SERVICES TO BE PROVIDED AND PROJECT APPROACH. The County is under no obligation to modify the proposed Contract to conform to the Successful Proposer's Contract exceptions. Contingent Proposals will not be accepted. If acceptance of the Contract Award is contingent on an exception and modification to the Contract, the Proposer must provide this information to the County at the time of submission of technical questions, as outlined in the Schedule of Events in order to obtain a determination from the County regarding the proposed exception. If a Proposer's exception and modification are rejected by the County during the technical question portion of the Proposal process and the Proposer later submits a Proposal, Proposer shall be deemed to have accepted this Contract provision.

8.6 Term of the Contract and Termination

8.6.1 The term of the Contract shall begin no sooner than the later of the dates executed by both Parties and shall be effective for three (3) consecutive years from the effective date

8.6.2 The Contract may be extended by written agreement for up to two (2) one-year periods beyond the original contract period. The extension shall be exercised only if all prices terms and conditions remain the same and approval is granted by the BOCC. The County reserves the right to re-negotiate rates based on current market conditions.
