

## **Operations and Logistics**

The Supervisor who takes the lead role in the operational responsibilities of Wakulla County EMS is Marvin Walters. In addition to his Supervisory efforts, he oversees Scheduling, Maintenance and Supplies. Captain Walters began his EMS career in 1983 and has a wide variety of both rural and urban experience. Although Wakulla County EMS has been his “home base”, he has also worked in the surrounding counties of Leon, Franklin, Gulf and Jefferson. In each instance, he has helped develop the programs as well as bringing different perspectives on management back to Wakulla. This has greatly helped to enrich Wakulla County EMS. Captain Walters also has a broad experience background in dealing with semi vehicles which has provided him with invaluable insights on management of the Wakulla EMS fleet. Captain Walters is currently working towards a Bachelor’s degree in Business Administration.
