What are Rural Development's income limits?

Rural Development income limits are based on the number of members residing within the household. Rural Development allows deductions for children, childcare, and other eligible expenses. By allowing lenders to "adjust" the annual income, more individuals and families can qualify for 100% Guaranteed financing. Ask your lender for more information.

Adjusted income limits for all counties EXCEPT: Clay, Collier, Duval, Nassau, Okaloosa, Palm Beach, St Johns which have considerably higher limits. Broward, Pinellas, and Monroe are not eligible. See the web:
