### **Statement of Issue:**

This agenda item provides an update to the Board on the State Legislative actions that took place in the previous 2009-2010 Legislative Session, specifically hi-lighting the items that passed that may possibly impact Wakulla County.

### **Background:**

During the 2009 legislative session, staff and the contract lobbyists (Governance Services) provided the Board with daily and weekly updates on bills moving through the state legislative process, and status of the budget process to keep the Board apprised of issues that affected Wakulla County. In addition to staff, contract lobbyists, the Small County Coalition, and the Florida Association of Counties followed important issues through the process and notified the Board of critical issues. This End of Session report captures the results of the legislative activities by state decision-makers in Tallahassee.
