From: Eric Poole [mailto:epoole@fl-counties.com] Sent: Monday, March 02, 2009 12:28 PM Subject: Growth Management Update (Mar 2) To County Lobbyists – Please find attached a proposed strike-all amendment to CS/SB 360, which is the Senate’s growth management bill. Please note that several changes have been made to the bill, with the most significant being the transportation concurrency exception area (TCEA) language. As proposed, the bill would limit the exception area to within designated urban service areas of counties that meet the dense urban land area definition. The bill also provides for an opt-in provision for any county that does not meet this definition but would like to create an expedited TCEA. Such counties can do so by designating an urban service area or urban infill area as a TCEA. The bill will be heard in the Senate Ways and Means Committee this Thursday and the amendment deadline is Wednesday at noon. If your county has any concerns regarding the bill, please have them email me at epoole@fl-counties.com or call me at 850-922-4300.
