1. Skills and business judgment:

Over 25 years of on hand experience, and have been in business doing residential, commercial, and specialty type work all over surrounding counties. Successfully.

2. Experience with similar projects:

Mitered ends, footers, headwalls, sidewalks, and all others listed to bid items have all been part of my life long career. I consider them to be the basics and am very confident in my abilities to perform a good quality, done right job.

3. Staff and equipment dedicated to the project:

I have a full time office person, who keeps all legal procedures in line. My wife has been doing this part since the beginning I have a 9 man crew that are dedicated to our team. We have all the tools necessary to perform all duties required in this great opportunity. Tractor, loader, pump, laser levels, dump trailer and other machines needed to perform these jobs.

4. Current construction projects:

Driveway and mitered ends in the county, house slabs all over the county for numerous contractors, we have many jobs to look at that have been finished and under construction for my builders.

5. Previous conduct under other contracts:

Have never disappointed anyone and have a great reputation for quality and eagerness to please.

6. Quality of previous work:

Me and my team always leave jobs knowing it was done right and at the highest quality. Our business has succeeded because of the quality of the work we do. All of the Wakulla County inspectors know Custom Concrete Services and I believe they know we will do all things the way a job should be done, and at top quality.

7. Claims and litigation history over past 5 years:

Custom Concrete Services has had 0.
