

Board of County Commissioners

Agenda Request

Date of Meeting: May 17, 2010

Date Submitted: May 12, 2010

To: Honorable Chairman and Members of the Board

From: Commissioner Stewart

Subject: Request Board Consideration and Approval to Re-Schedule the June 17, 2010 Workshops to June 24, 2010

Statement of Issue:

This agenda item requests Board consideration and approval to re-schedule the June 17, 2010 Workshops to June 24, 2010.

Background:

The Board has two scheduled workshops on June 17, 2010; the first workshop is scheduled for 5:00p.m. to discuss the 3rd Budget Development, and the second workshop is scheduled for 6:30p.m. at the Community Center to discuss the Community Center's visioning plans.

Analysis:

I have a conflict with both workshops being held on June 17th and would request the Board to consider moving the workshops to June 24th. Moving the workshops to June 24th would allow my attendance and participation at these two extremely important workshops. I have also consulted with staff which indicated from their perspective that the movement of this workshop date can be accommodated.

Options:

1. Direct staff to re-schedule the June 17, 2010 Workshops to be held on June 24, 2010.
2. Do not direct staff to re-schedule the June 17, 2010 Workshops to be held on June 24, 2010.
3. Board direction.

Recommendation:

Option #1
