8. **GENERAL BUSINESS –**

8.1 **Florida Department of Environmental Protection, Bureau of Beaches and Coastal Systems** – The Wakulla County Board of County Commissioners have received a no match grant funding source to perform feasibility studies for beach re-nourishment projects at Mashles Sands and Shell Point beaches. The estimated price for the Shell Point Beach study is \$100,000. The estimated price for the Mashles Sands study is \$75,000. Also included in the agreement is approximately \$88,000 for removal of undesirable beach soils landward of the mean high water line, and replacement of these undesirable soils with clean, white beach sand. *Staff recommends acceptance of grant funds.*

8.2 **Request to Update the Agenda Process** – On January 1, 2007, the tenure of the current county administrator began. One of the issues raised repeatedly by a series of commissioners since that time is the need to update the Board's agenda process, including improvements to the quality of staff review and how it is conveyed to the Board.

8.3 **Board Retreat** - On January 4, 2007, the Board directed staff to pursue the scheduling of a first annual retreat for the purpose of establishing the Board's top priorities for the current year. Staff has identified Monday, February 12, 2007 as the date for the retreat and several location are offered for the site of this retreat.

8.4 **Pre-Event Debris Removal and Disposal Contract** - The objective of this contract is to secure the services of an experienced contractor who is capable of efficiently removing large volumes of disaster-generated debris from a large area in a timely and cost-effective manner and lawfully disposing of all debris. This is a piggy-back contract on the contract that has been lawfully bid by the City of Tallahassee and Leon County collectively.
