

DEPARTMENT OF THE TREASURY
WASHINGTON, D.C.

October 29, 2019

Dr. Charles Hess
Chairman
Wakulla County Board of County Commissioners
Office of Intergovernmental Affairs
Post Office Box 1263
Crawfordville, FL 32326

Dear Dr. Hess:

We have reviewed the amended Multiyear Implementation Plan from Wakulla County submitted on August 19, 2019 and deemed complete on October 17, 2019. We find that the Wakulla County Multiyear Plan Amendment #1 is complete and appears to conform to the RESTORE Act and regulations. As of the date of this letter, Treasury accepts Wakulla County's Multiyear Plan Amendment #1 for \$2,748,558.00 of Direct Component funds available in Wakulla County's allocation in the Gulf Coast Restoration Trust Fund (Trust Fund). The County can begin to submit an application through [GrantSolutions.gov](https://www.GrantSolutions.gov) for Direct Component funding to support each activity included in the accepted amended Multiyear Plan, when Wakulla County has sufficient funds in the Trust Fund to allow Treasury to award the project.

We will post all accepted Multiyear Plans on Treasury's RESTORE Act website. In addition, please post Multiyear Plan Amendment #1 on your County website and provide us with the web address so we can include the link on the Treasury RESTORE Act website.

Treasury's acceptance of Multiyear Plan Amendment #1 is not a final determination of the eligibility of activities, projects, and programs for Direct Component funding and does not bind Treasury to obligate funds from the Trust Fund. The County must submit an application for Direct Component funding separately through [GrantSolutions.gov](https://www.GrantSolutions.gov). Treasury will review the application to determine if the requested funding complies with the RESTORE Act and regulations, and Federal law and policies on grants. Applicants may submit applications only to seek funds already available for distribution from the Trust Fund, in accordance with allocations established under the statute. In the future, whenever there is a material change in the Multiyear Plan, Wakulla County must follow the requirements for an initial Multiyear Plan, including those for public review and comment. For more information, see the RESTORE Act Direct Component Guidance on the RESTORE Act website.

We look forward to working with you. Please send any questions to restoreact@treasury.gov.

Sincerely,

Laurie McGilvray
Program Director
Office of Gulf Coast Restoration
